

TECHNICAL RIDER · 2027

Booth & Stage Plot

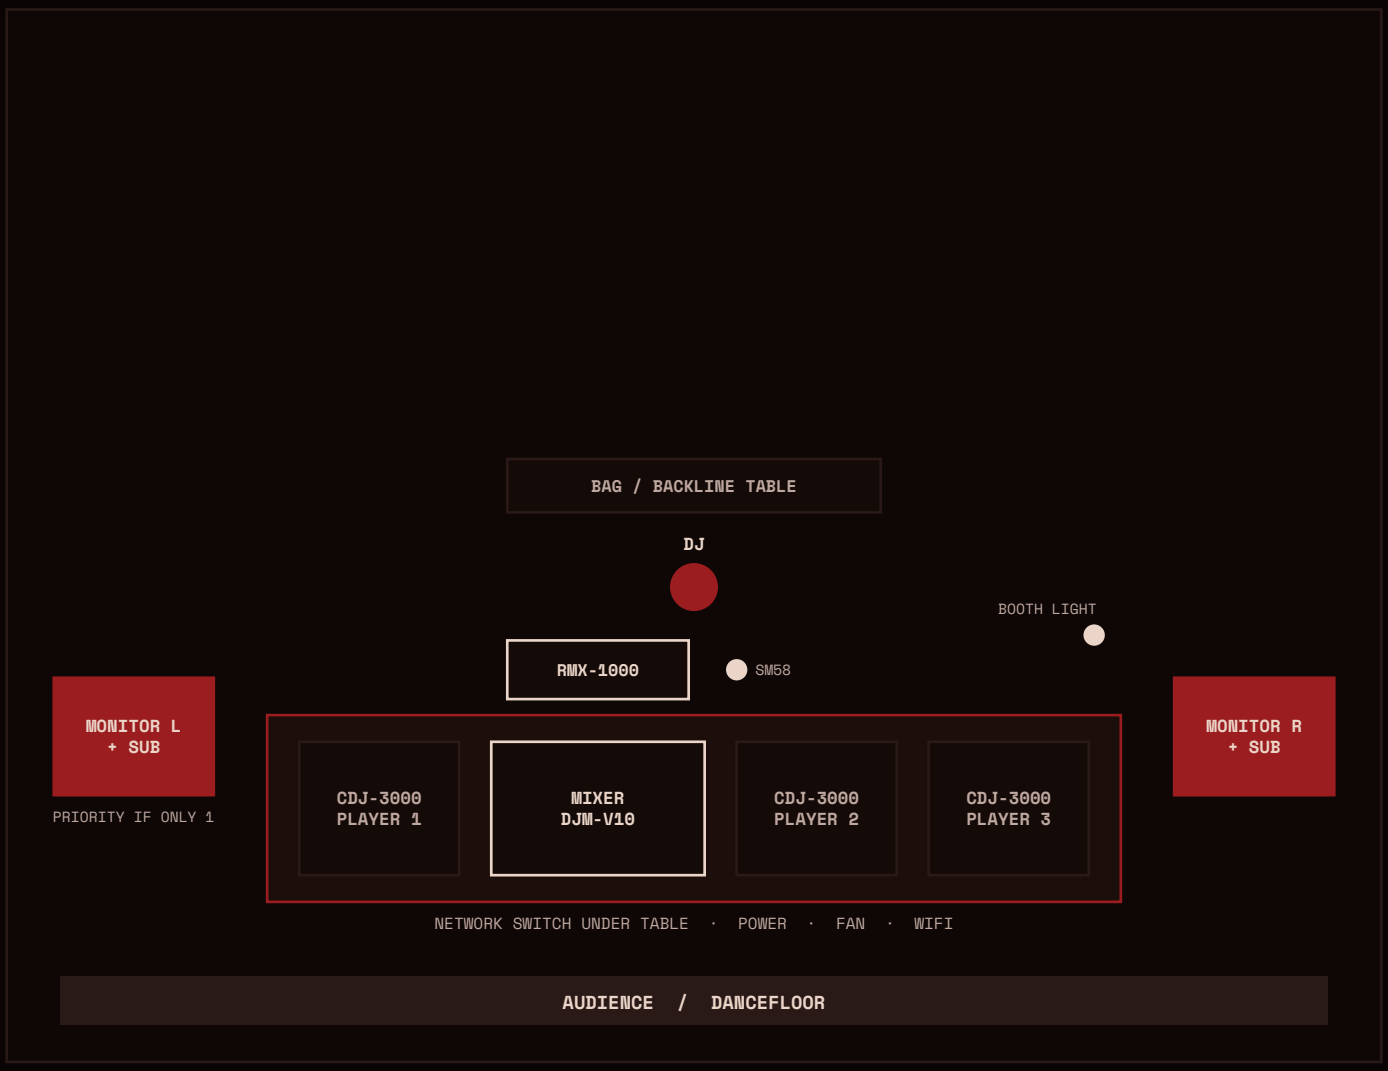

DJ EQUIPMENT (PROVIDED BY PROMOTER)

- **1× Pioneer DJM-V10** mixer
- **1× Pioneer RMX-1000** effects unit, connected to the mixer send/return
- **3× Pioneer CDJ-3000** — linked via network switch (Pro DJ Link), same latest firmware
- **1× Shure SM58** microphone on the mixer mic input
- Donn plays from his own USB sticks (rekordbox). No laptop needed.
- All equipment in perfect working order.

PA & BOOTH

- **PA:** high-quality 3-way active (tri-amped) stereo system, 110 dB constant at mix position without distortion, fully covering the audience area.
- Stable, vibration-free table, approx. 90–110 cm high, min. 2 m wide.
- WiFi access in the booth. Dimmable booth light.
- 2 free power sockets, a spare LAN cable, a fan in hot rooms. No drinks on the equipment.
- Booth ready and line-checked 30 min before set time.

B	**Mixer BOOTH L/R**	TRS jack	Booth monitors + subs	Volume by artist
R	**Mixer REC OUT**	RCA	Recorder (if available)	See recording terms

MONITOR REQUIREMENTS

Hear the room, not the room delay

- **2× full-range, high-powered booth monitors at shoulder height**, left and right of the DJ, with separate subwoofer(s).
- Fed from the DJM-V10 **BOOTH OUT** so the artist adjusts the level himself.
- **Only one monitor available?** Place it on the **left side of the DJ booth** (when facing the audience).
- Clean and loud enough to mix over the dancefloor without distortion. House sound engineer available at line check and reachable during the set.

CAN'T PROVIDE EXACTLY THIS?

HOSPITALITY RIDER · 2027

Hospitality & Security

DRINKS (BOOTH / GREEN ROOM)

- 1× Don Julio Tequila (Reposado)
- 1× Moët & Chandon Ice Impérial
- 1× flat water (1 litre or more)
- 2× 1 L ginger beer / soda
- 2× organic coconut water (1 litre or more)
- Bucket with ice and glasses

BOOTH

- 2× black or grey towel
- Safe spot for the artist's bag near the booth

DINNER

- Local cuisine — no fast food, please.
- Or a meal buyout, agreed in advance.

GUEST LIST

- Minimum 5 guest-list spots, names sent by management before the show.

RECORDINGS

- Any audio or video recording of the full set must be cleared with the artist by email first. Short clips for social media are fine.

SAFETY & TRANSPORT

- Adequate security and crowd control during the performance. No unauthorised people in or near the DJ booth.
- All ground transport (hotel / airport pick-ups) by taxi or a sober driver. Public transport only when agreed before the show.
- A secure, restricted area for the artist and his belongings before, during and after the performance. If belongings go missing due to lack of security, the promoter is responsible.
